🌟 We make a Difference.

We practice “Ayni” Divine Reciprocity – “Today you give to me, tomorrow I give to you.” Hundreds of thousands of tourists pass through their communities every year, regrettably very few of the indigenous people benefit from the tourism that they in a large part make possible. Since our conception Sacred Journeys22 has made a difference in the lives of the local people. On this Sacred Journey you will have the option/opportunity to witness inspiring initiatives taken by the founder of Path of the Heart and Casa Hogar Del Sol, who wanted to make a difference in their world, and did. You will hear squeals of delight as you hand out school supplies and gifts. Guaranteed to warm your heart. You will perceive the amazing impact of these good intentions on the local and underprivileged people. “I believe that the very purpose of life is to be happy. From the very core of our being, we desire contentment. In my own limited experience I have found that the more we care for the happiness of others, the greater is our own sense of well-being. Cultivating a close, warmhearted feeling for others automatically puts the mind at ease. It helps remove whatever fears or insecurities we may have and gives us the strength to cope with any obstacles we encounter. It is the principal source of success in life. Since we are not solely material creatures, it is a mistake to place all our hopes for happiness on external development alone. The key is to develop inner peace.” ~ Dalai Lama

The Art of Pilgrimage

"Pilgrimage is an art which brings peace to the soul. Pilgrims are bearers of love, which they carry to special places of the Earth. By holding a joyful consciousness of this love and of the beauty of these places, pilgrims encourage the natural energies of the earth to flow harmoniously. Pilgrims are guided by a wisdom based on both intuition and an understanding of the energy routes and sacred places of power in the world. The gifts of love, hope and joy are inestimable. They have the power to be a friend with the earth, with the divine and with all levels of life..". Peter Dawkins
